The World's Largest Bounce House

It's bigger, better, and (most importantly) bouncier for 2024! Now covering an area of over 24,000 sq. ft. and standing 32 ft. tall at its highest point, this inflatable goliath is *The World's Largest Bounce House*. Inside you'll find giant slides, ball pits, climbing towers, and basketball hoops beside fun, friendly, oversized characters of various colors, shapes, and sizes for those all-important Instagram moments. At the center of this dreamland is a custom-built stage where the resident DJ really turns up the party by playing music tailored to each age group while hosting games and competitions. Everyone is invited to enjoy the experience as sessions are organized by age, ranging from tiny tots to adult-only sessions. This is the place to really kick those shoes off and let loose!

New! OctoBlast

The brand new *OctoBlast* is turning up the fun and foam at The Big Bounce Canada experience. This inflatable is unlike any other; it's part bouncer, part foam party, and fun for all ages! Upon entering, you will jump into a deep-sea world filled with colorful ocean creatures, colossal foam cannons, and LIVE DJs spinning the best tracks from a huge pufferfish stage, all while guests dance around our giant Octopus's tentacles. Be sure to bring your best moves for this underwater bash!

Sport Slam

Sport Slam brings a whole new dimension to an already action-packed day out with a customized sports arena filled with goals, nets, hoops, and balls of every size and type you could imagine! Compete against family and friends by racing up the climbing tower or take them on in the 'battle zone' to see who can stay on their podium the longest. In this inflatable the bouncing and battles never end!

The Giant

Calling all aspiring Ninja Warriors! At over 900 ft. in length, *The Giant* is one of the most fun and energetic experiences you'll ever have. There are 50 different obstacles to overcome as you make your way from the starting line to our grand finale monster slide. Whether you're looking for some fun competition between family and friends or just want to bounce around the weird and colorful inflatable landscape at your own pace, *The Giant* is not to be missed!

airSPACE

airSPACE is a truly unique, space-themed wonderland filled with friendly aliens, spaceships, moon craters, and so much more, spread across three different inflatables! There is a gigantic 5-lane slide, a huge 25 ft. tall inflatable alien at the center of three bottomless ball pits, and a giant spaceman jumping around the moon base. For a totally immersive experience that's out of this world, look no further than *airSPACE*!

Noa Visnich, Tour Manager of The Big Bounce Canada, shared how this event is fun for the entire family:

"We need more fun in the world, and what better way to bring that into 2024 than with a 24,000 sq. ft. bounce house! The Big Bounce Canada is the perfect event for kids and adults alike to get out of the house and enjoy an outdoor event like they've never experienced. Complementing the newly expanded biggest bounce house in the world, OctoBlast, Sport Slam, The Giant, and airSPACE make this a not to miss experience. So, we invite all kids, and kids at heart, to kick those sneakers off and PARTY ON!"

All-Access Tickets are available online and jammed with value. These tickets include a three-hour pass to the event, including a timed session on *The World's Largest Bounce House*, as well as unlimited access to *OctoBlast*, *Sport Slam*, *The Giant*, and *airSPACE*!
